

H Medical Billing – Full Revenue Cycle Management Support

Founder: Muhammad Hamza Khuram

H Medical Billing provides **end-to-end, HIPAA-compliant back-office and revenue cycle solutions** for medical practices. We help clinics reduce denials, improve cash flow, and minimize administrative burden while maintaining strict PHI security.

Our Core Services

- Full Revenue Cycle Management (RCM)

- Patient eligibility verification
- Charge entry and claim preparation
- Timely claim submission
- Denial management and AR follow-ups
- Detailed financial and performance reporting

Medical Billing & Coding

- Accurate CPT, ICD-10-CM, and HCPCS coding
- Clean claim submission aligned with payer rules
- Coding audits and documentation checks

Administrative Support

- Workflow optimization
- Data and documentation management
- Seamless operational support

Localized Healthcare Email Marketing

- Targeted outreach to nearby patient populations
- Improved patient retention and engagement
- Practice visibility and growth support

--one-stop remote back-office partner---

Medical Coding

Expertise (Examples)

E/M Codes

- 99202–99205 (New patient visits)
- 99211–99215 (Established patient visits)

Preventive & Medicare Services

- 99381–99397 (Preventive visits)
- G0438 / G0439 (Medicare Annual Wellness Visits)

Common CPT Codes

- 36415 – Venipuncture
- 93000 – Electrocardiogram (ECG)

ICD-10-CM Diagnosis Examples

- E11.9 – Type 2 diabetes mellitus
- I10 – Essential hypertension
- J06.9 – Acute upper respiratory infection

All coding is performed in accordance with **CMS guidelines and payer-specific requirements** to reduce claim rejections and ensure compliance.

CMS-1500 & Billing Workflow Expertise

We are fully familiar with **manual and electronic CMS-1500 claim forms**, including:

- Accurate field population
- Diagnosis-to-procedure linking
- Modifier usage
- Payer-specific submission requirements

Manual CMS-1500 workflows are **not a limitation** for our team.

EHR / Practice Management Systems

We work efficiently across both enterprise and cloud-based systems. Adopting a new EHR is **not a problem** for us.

Common Systems

- Epic
- Oracle Health (Cerner)
- Kareo
- Office Ally
- AdvancedMD

Additional & Less-Common EHRs

- Athenahealth
- eClinicalWorks (eCW)
- Practice Fusion

- DrChrono
- NextGen Healthcare
- Greenway Intergy
- Allscripts / Veradigm

How We Reduce Claim Denials

- Pre-submission claim scrubbing
- Accurate coding aligned with documentation
- Root-cause analysis of recurring denials
- Continuous workflow improvements based on reports

Compliance & Security

- HIPAA-compliant workflows
- Strict PHI access controls
- Secure data handling protocols
- **Certified:** Institute of Health & Management Sciences, Islamabad

Why Partner With H Medical Billing

- Faster and more predictable payments
- Reduced administrative workload
- Fewer billing and coding errors
- Clear revenue visibility through reporting
- One-stop **remote back-office solution** — no local hiring required
